Virgilio Aran
National Organizer. NDWA
virgilio@domesticworkers.org

Founded in 2007, the National Domestic Workers Alliance (NDWA) is the nation's leading voice for the approximate 2.2 million domestic workers in the United States. Domestic workers are essential to our economy and society. They are the nannies that take care of our children, the housecleaners that maintain our homes, and the care workers that allow our loved ones to live independently and with dignity.
